LYNCHBURGSHOW'S BRILLIANT CLOSE

Something Doing in the Ring When the Sporting Tandems Came Out.

(Special From a Staff Correspondent.) LYNCHBURG, VA., October 6 .- The Lynchburg Horse Show closed to-night in a blaze of enthusiasm, and on all sides was heard the remark, "We'll have even a greater show next year,"

The people are rapidly acquiring the knowledge of horse that is essential to a successful show. To Mr. Julian Morris and Mr. Sackett, more than any others, is due the happy outcome of this year's show, for, barring the withdrawal of Mr Garber's stables, nothing of an unpleas-ant nature occurred. Mr. Dunlop won more ribbons than any other exhibitor, although Mr. J. M. B. Lewis came a close second through his success in the breed-

evening, not a single accident of a serious nature marred the exhibition, and while some of the harness classes were all of high "class."

To-morrow morning a special train will leave for Richmond over the Norfolk had Western, carrying about forty horses to the show that opens there on Tuesday, while a large number of Lynchburg people will go down on Monday to witness the show

Very Narrow Escape.

Very Narrow Escape.

Hon. Roy Mitchell had a narrow escape in the handicap jump class. His mare fell, and he turned a complete somersault, nearly breaking his neck. A cry of relief went up when he staggered to his feet.

The last day of the horse show opened with a free matinee, at which two large classes of hunters performed. Green hunters numbering 22 gave a good account of themselves over six four foot jumps. Mr. C. W. Smith's 'Nimrod' won the honors, red going to Mr. Dunlop's new purchase "Confidence." In the free for all jump class, in which performance only counted, "Easter Sunday," owned by Mr. Sackett, the popular president of the show, won handlily, making the only clean performance in the class, Red went to Mr. C. W. Smith's "Chip Munk" in this class.

Promptly at \$20 o'clock the bugle sounded for the first class of the last night of the show. The crowd was small at the opening hour; the electric cars were in trouble and the people were kept waiting, imputiently waiting on the the street corner.

Two Thousand There.

After the first class the building began to fill until a great crowd of perhaps two thousand people gathered to say goodbye to a most successful horse show. Combination horses were the opening attraction, and, although eight had entered, only three cared to face the judges.

Blue went to Dr. Carter's "Vindicator" and red to Mrs. Allen Potts's "Brilliant," after a lengthy discussion. The ladies' harness class that followed, while small, was full of "class." Mr. Dunlop's "See Me Go," shown before a George phaeton, was well driven by Miss Swart. Miss Wiley Abbott drove Mr. Randelph Howard's "Dr. Reid" to a road phaeton. Miss Swart also drove Mr. Dunlop's "Watch Me" to a runabout.

The appointments were very nearly perfect, and the award was greeted with descrived applause. Red also went to Mr. Dunlop's "Watch Me."
Miss Abbott, a popular society girl of 1.3 methys, received a great ovation when the yellow was planed on her horse.

Five small ponies created genuine enthusiasm when they raced into the ring. Five small boys were astride the ponies, and they rode for blood. Little Kit Winfree, on Bessie, led the line, and was not caught until he fell off on the turn. He was up again in a minute and on his He was up again in a minute and on his pony, and again took the lead until he again fell. There was a general mix-up, but none of the small riders was hurt.

Hunters of the green class jumped 4 feet; qualified hunters jumped 4 1-2 feet and high jumpers and champlonship horses jumped 5 feet. "Queen of Hearts," ridden by Hon. Roy Mitchell, went into the brush jump and fell flat, knocking out her rider. The judges ordered her from the ring. Later Mr. Mitchell rode his "Major Blunt" in the same class. "Nimrod," "Venus" and Navajo" went clean, "Panther" went into the rails, "Sir Gibble went clean after a refusal. "Confidence" went with a tip. "Tatnal" went out on three refusals and the small boys and "rail birds" yelled "dog meat" with great enjoyment. At the 41-2-foot jump "Chimmunk" fell at the rails and threw his rider, Mr. C. W. Smith, heavily. Mr. Smith was badly shaken up, but no bones were broken.

Mr. Dunlop's "Nancy Lee" went five feet clean. The blue went to "Maples," owned by C. C. Anderson, while the score was being added up in the last class, Mr. Fleet Galloway rode "Nancy Lee" over the 5-foot jumps without saddle or bridge. It was a clever piece of horsemanship, and was loudly applauded. The band played "Home. Sweet Home," everyone said "good-bye," and the Lynchburg Horse Show was over.

The Great Jumpers.

Every event in this schedule has merits of its own that make it worth seeing, but there are some particular bright spots which will prove more than ordinarily attractive. Perhaps the greatest interest will certer in the performance of Heatherbloom, Howard Willet's famous horse, who holds the world's record for the high jump. Heatherbloom will be in the ring on the opening night in the class for qualified hunters, and on the same night will pair with Dick Donnelly's famous jumper, Rife, an the nelly's famous jumper, Rifle, in the class for hunters' pairs,

The prize is \$300 to the winner, and should the world's record—soven feet nine inches—be broken, \$200 more will be given the winner, making the total prize \$500.

Ladies' Classes

Entirely different but perhaps even more interesting to the attendants generally, will be the classes for ladles' hunters and jumpers. These two events promise to be the great popular features of the week. On Thursday night in the class for hunters twenty-four ladies will guide as many thoroughbreds around the tan bark. The "Golden Medical Discovery" is just the tisus builder and tonic you require when recovering from a hard cold, grip, pneumonia or a long siege of fever or other prostrating disease. No matter how strong the constitution, our stomach and liver are apt to be "out of kilter" occasionally. In consequence our blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's

We do not live on what we eat but on what we digest, assimilate; and take up in the blood. The blood in turn feeds the nerves, the heart, and the whole system, and all goes well with us, if the blood be kept pure and rich. If not, then the liver, which is the human filter within us, gets clogged up and poisons accumulate in the body from over-enting, over-drinking, or hurriedly doing both. The smash-up occurs when the blood is poisoned by the stomach and liver being unable to take care of the over-load! The red flag of danger is thrown out in the shape of cruptions on the skin, or in nervousness and sleeplessness, the sufferer becoming blue, despondent and irritable, because the nerves lack nourishment and are started.

Nature's laws are perfect if only we obey them, but disease follows disobedience. Go straight to Nature for the cure, to the forest; there are mysteries there, some of which we can fathom for you.
